

SAFE WATER TECHNOLOGIES, INC.

PRODUCT LINE CHECK LIST

Ultraviolet Systems

- Residential UV Systems (1-20 GPM)
- Commercial UV Systems (15-50 GPM)
- Industrial UV Systems (40-1,500 GPM)

Drinking Water Systems

- Undersink Systems (1-2 GPM)
- Light Commercial Systems (3-6 GPM)

Reverse Osmosis Systems

- Residential RO Systems
- Commercial / Industrial RO Systems

Ion Exchange Systems

- Standard Water Softeners
- Specialty Mixed-Media Water Softeners
- Deionization Systems
- Specialty Systems (Tannins, Nitrates, Silica)
- Commercial / Industrial Systems

Filtration Systems

- FilterEase™ Sediment Filter Systems
- ProActive™ Carbon Filter Systems
- MetalEase™ Iron, Hydrogen Sulfide, and Manganese Filter Systems
- Hydrogen Peroxide / Chlorine Injection Systems
- Commercial / Industrial Systems

Housing and Cartridges

- Sediment Cartridges
- Carbon Cartridges
- Inline Cartridges
- Filter Housings

Components

- Control Valves
- Tank Heads
- Distribution Systems
- Fiberglass Pressure Tanks
- Brine and Chemical Storage Tanks
- Chemical Feed Pumps
- PVC Pipe Fitting
- Compression and Quick Connect Fittings

Bulk Resins and Media

- Cation Softening Resins
- Anion Demineralization Resins
- Specialty Resins (Tannins, Nitrates, Silica)
- FilterEase™ Sediment Filtration Media
- ProActive™ Granular Activated Carbon
- MetalEase™ Oxidation Media
- Manganese Greensand
- Birm®
- Anthracite, Garnet, Gravel & Sand

Testing Equipment and Chemicals

- Test Strips
- Test Kits
- Demonstration Kits
- pH Meters
- Water Treatment Chemicals
